LICENSED INQUIRY AGENT

VALIDATING YOUR OUTSOURCING PARTNERSHIPS

Is the contractor you are considering as a vital cog in your business cycle,
really who they say are they ?

What about your existing contractors and suppliers?

Has there been any significant recent change to the way they do business?

Are they reviewed annually?

Do you even have a regular monitoring program of all new and existing
contractors?

Do you only check on new contractors and overlook adverse changes in
behavior or circumstances of your existing contractors?
